● ABOUT ME

Experienced Project Manager, Android Applications Developer, and Laravel Full-Stack Developer with a proven record of delivering high-quality, scalable applications. Skilled in Java, Kotlin, PHP, and proficient in DevOps practices and server management—including CI/CD pipelines and cloud infrastructure administration. Project portfolio spans corporate roles and freelance work on LinkedIn, Fiverr, Mostaq, and Upwork. Holds a Bachelor's degree in Information Technology and advanced diplomas in Software Engineering and Information Systems Management. Recognized for consistently meeting deadlines, maintaining exceptional quality standards, and communicating fluently in both English and Arabic.

● WORK EXPERIENCE

 **MAKHAZIN AL-MAMLAKA AL-ALAMIA** – RIYADH, SAUDI ARABIA
Website mkhzin.com

PROJECT MANAGER & LARAVEL FULL-STACK DEVELOPER – 01/11/2024 – CURRENT

Oversaw the end-to-end planning, execution, and optimization of Makhazin's e-commerce and digital infrastructure, combining technical leadership with strategic project management. Played a dual role as both **Project Manager** and **Laravel Full-Stack Developer**, while also acting as **Product & Digital Experience Manager**, driving the transformation of Makhazin's digital presence and customer experience across platforms.

Key Responsibilities & Achievements:

- **Project Management:**
 - Led cross-functional project planning and sprint execution cycles from discovery to delivery.
 - Coordinated between business, design, development, and logistics teams to align goals and timelines.
 - Delivered structured progress and performance reports covering all enhancement phases (Nov 2024 – Jul 2025).
- **Full-Stack Laravel Development:**
 - Developed and maintained core backend logic and admin functionalities using Laravel.
 - Integrated custom APIs and modules for delivery management, coupon validation, and variation handling.
 - Debugged and optimized database queries, server configurations, and file upload handling.
- **Product & Experience Design:**
 - Directed UX/UI improvements across the Makhazin web store (mkhzin-store.com) and mobile app.
 - Identified and resolved major usability bottlenecks and planned new user flows for checkout, delivery, and promotions.
 - Applied data-driven design thinking to enhance customer satisfaction and streamline key interactions.

Notable Contributions:

- Successfully restructured the online store for performance, scalability, and responsive design.
- Introduced and enforced technical quality standards and process documentation practices.
- Played a key role in mobile and web platform alignment, ensuring consistent experiences.

 **IN TECHNOLOGY** – RIYADH, SAUDI ARABIA
Website intechnolgy.com
